### Mounting:

Suitable for ceiling and wall

min. 180 cm above floor level

min. 35 cm from the wall

### Ø Duct connection:

125 mm - rubber mounting ring

### Calibration:

32 adjustable positions

The DucoVent **Premium** (by prado) is the design valve of choice and applicable for both supply and extraction with a maximum flow rate of 50 m<sup>3</sup>/h.

A 'trimless' integration in the plasterwork makes the vent almost invisible. The well-thought-out design ensures a diffuse air supply via the Coanda effect and therefore guarantees optimal comfort. Aesthetics and quality in one product!
