

TECHNICAL DATA SHEET

DucoBox Focus

The DucoBox Focus is a compact, durable and highly and extremely energy-efficient **central extract unit with integrated control valve system** based on CO₂ and moisture measurements, developed for use within DUCO's demand-controlled ventilation systems and discharges moist and/or polluted air zonally when needed and in the right amount.

The DucoBox Focus uses just one PCB for both control and operating electronic systems. Simple design and an efficient DC motor ensure long service life.

Physical characteristics

Item number	0000-4252
Optional accessories	0000-4182 (Silent Plus Kit)
Extraction capacity at 150 Pa	400 m ³ /h
Width x Height x Depth (mm)	480 x 480 x 194
Weight	4,3 kg
Colours	Green with white lid
Communication	Duco RF Duco Wired Switch Sensor (volt-free input) Control valves
	Expandable with Duco Connectivity Board (0000-4810)
Power cable length	1,5 m (about 1 m outside the DucoBox)

Electrical characteristics

Unom	230 VAC – 50 Hz	Inom	0.65 A
Pmax	84 W	Cos	0,55
IP class	IP42
