

TECHNICAL DATA SHEET

DucoVent Basic

The DucoVent Basic is a standard plastic vent for supply and extraction. Adjustable by a cone that screws in and out. Suitable for ceiling and wall mounting.

Physical characteristics

Item number	4178
Weight	125 g
Material	Steel Plastic / PVC
Colour	White (RAL 9010)
Surface treatment	enamelled
Fitting / setting-up method	suitable for ceiling 180 cm min. above floor 60 cm min. from wall
Connection	with clamping springs on 125 mm duct
Calibration	continuously adjustable, lockable by means of a spindle with locking device / lock nut

Ventilation characteristics

Maximum flow rate (m³/h)	75
Back pressure	25 m³/h → 15 Pa for A = 30 50 m³/h → 15 Pa for A = 20 75 m³/h → 10 Pa for A = 15
Sound deadening	no

Pressure / flow curve DucoVent Basic
